

HOTEL VIC  
ON THE HARBOUR

## A STUNNING NEW LANDMARK ON HONG KONG HARBOURFRONT

Located in the newly-fashionable district of North Point on Hong Kong Island, the near-completed HOTEL VIC on the Harbour boasts spectacular panoramic views of the harbour and city, and is just steps away from the MTR subway, ferry pier, and other public transport. The podium levels are the first phase of Harbour North, a one-stop shopping destination, where a host of lifestyle retailers and diverse eateries spread over 80,000 square feet are due to open in the second half of 2018. The adjoining second phase shopping complex covering an area of 140,000 square feet fronting the waterfront promenade will open in late 2019.

As the latest hotel project under the Sun Hung Kai Properties portfolio, HOTEL VIC on the Harbour is being built to the most exacting standards through the combined star power of renowned award-winners Rocco Design Architects Ltd as project architect; Hirsch Bedner Associates as guestroom interior designer; and Andre Fu's AFSO as interior designer of other key areas of the hotel.

The hotel is due to open in the first half of 2018.
